

New Flake and Pearl Ice[®] Machines

Whether you're considering our cubers, flakers or our Pearl Ice® machines, our commitment is and always has been about providing you with the most simple, reliable and easy-to-use commercial ice machines in the industry. In addition, Ice-O-Matic machines are backed by a world-class support network and the industry's longest warranties. With a single-minded focus on top-quality ice machines, you'll find the results of that focus in our ice. **Ice. Pure and Simple™**

ICE.

That's all we do

Manufacturing ice machines in Denver, Colorado since 1952, Ice-O-Matic has worked tirelessly on developing, enhancing and perfecting the way ice is made.

The right machine for the right application

Ice-O-Matic offers a wide range of commercial ice-making products including cube ice makers, Flake and Pearl Ice makers, storage bins, dispensers and water filters.

PURE.

Antimicrobial

Our innovative food-safe AgION® antimicrobial compound is designed to be permanently integrated into key food-zone areas, improving the sanitation of the ice-making system.

Water filtration

We offer the highest-quality water filtration program to enhance the purity of the ice—eliminating offensive taste and odor common with unfiltered ice machines.

SIMPLE.

Practical design

Ice-O-Matic ice makers are designed for simplicity with features like our easy-to-access cabinet, easy-to-clean ice-making system and simple electromechanical controls.

Long-lasting performance

Our ice machines are designed for unparalleled simplicity to operate, maintain and service with easy diagnosis.

Quality and reliability

Ice-O-Matic ice machines are highly dependable, constructed with the industry's only stainless steel chassis, stainless and rigid plastic cabinets and other precision parts. They boast proven reliability and are backed by the longest warranties in the industry.

Easy to do business with

We know time is money and getting it right the first time is essential. That's why we strive to always recommend and install the right machine for the right job.

FLAKE ICE – Perfect for presentation

Our Flake ice is ideal for presentation and preservation of seafood, produce and perishable food items. Flake ice extends the shelf life and appearance of seafood, fresh fruits and vegetables by maintaining food hydration longer for a consistently fresher display that helps increase sales. Flake ice is also perfect for use in bakeries, perishable food transport and healthcare applications.

PEARL ICE – The consumer favorite

You could call this “The People’s Ice.” Adding perfection to any fountain drink, smoothie or refreshing beverage, our highly desired Pearl Ice is the soft, chewable, longer-lasting ice that consumers love and keep coming back for again and again. It dispenses well, blends fast and displaces liquid better than cubes. Increased profits and increased customer satisfaction make this the perfect ice for restaurants, convenience stores and healthcare applications.

RELIABLE AND EFFORTLESS PERFORMANCE

Ice-O-Matic manufactures a full range of modular Flake and Pearl Ice machines that are specifically designed for extremely simple operation and maintenance. Our commitment to reliability ensures seamless ice production for many years, enabling you to focus on your business and your customers.

Available in a variety of ice-production capabilities, both the MFI Modular Flake and GEM Modular Pearl Ice machines share these state-of-the-art features:

MFI 500 on B55 BIN

- Stainless steel parts throughout including cabinet construction for superior durability
- Front and rear air exchanges for side-by-side machine operation
- Available in a variety of sizes and condenser types to fit most space and application requirements
- Cost-efficient, by using less water and power than typical cube ice machines
- AgION antimicrobial compound improves the sanitation of the ice-making system

Peace-of-Mind Protection

Every modular Flake and Pearl Ice maker is backed by our industry-leading warranty providing:

- Three-year parts and labor
- Five-year parts coverage on the compressor

Top bearing is located outside of the ice-making zone for corrosion resistance

Single D-shaped copper coil for more efficient heat transfer and balanced load

Rugged, heavy-duty stainless steel evaporator to ensure reliability and longer life

Stainless steel one-piece construction dual-flight auger for unparalleled strength and performance

Robust in-line direct drive train for improved efficiency and cooler running

Heavy-duty gearbox for years of trouble-free service

Pre-mounted ice-level sensor halts ice production when the bin is full

Industrial-grade dual-row roller top bearing is located outside of the ice-making zone for corrosion resistance and longer-lasting performance

SystemSafe monitoring technology is built into every machine to continually monitor the workload to help prevent unnecessary service calls and costly repairs

Water sensor eliminates low or no water failures and cannot be affected by adverse water conditions

THE ICE-O-MATIC FLAKE ICE MACHINE

Increase profits by enhancing the appeal of your seafood, produce and meat presentation with the reliable simplicity of Ice-O-Matic's new line of Flake ice machines.

MODULAR MFI Series modular Flake ice machines feature the benefits of our SystemSafe load-monitoring control board that continually checks the workload on the gearbox. Additionally, the durable stainless steel evaporator, auger and in-line direct drive train will help reduce breakdowns.

MFI 500 on B42 BIN

MFI 500 SERIES

Produces up to 530 lbs. (240 kg) of ice per day
Only 21" wide (533 mm)
Available in 60Hz (A & W) models

MFI 800 SERIES

Produces up to 800 lbs. (363 kg) of ice per day
Only 21" wide (533 mm)
Available in 50Hz (A & W) and 60Hz (A, W & R) models

MFI 1250 SERIES

Produces up to 1,240 lbs. (562 kg) of ice per day
Only 21" wide (533 mm)
Available in 50Hz (A & W) and 60Hz (A, W & R) models

MFI 2400 SERIES

Produces up to 2,365 lbs. (1,072 kg) of ice per day
Only 42" wide (1,067 mm)
Available in 60Hz remote low-side only

Peace-of-Mind Protection Every modular Flake ice maker is backed by our industry-leading warranty providing three-year parts and labor and five-year parts coverage on the compressor.

UNDERCOUNTER EF Series self-contained Flake ice makers offer a variety of practical and reliable options for tight space restrictions and low height requirements.

EF 450

EF 250 SERIES

Produces up to 400 lbs. (182 kg) of ice per day and stores up to 213 lbs. (97 kg)
Two sizes - 32" wide (812 mm) or 38" wide (965 mm)
Available in 60Hz air-cooled models only

EF 450 SERIES

Produces up to 472 lbs. (215 kg) of ice per day and stores up to 315 lbs. (143 kg)
Three sizes - 32" wide (812 mm), 38" wide (965 mm) or 48" wide (1,219 mm)
Available in 60Hz air-cooled models only

EF 800 SERIES

Produces up to 772 lbs. (350 kg) of ice per day and stores up to 315 lbs. (143 kg)
Two sizes - 38" wide (965 mm) or 48" wide (1,219 mm)
Available in 60Hz air-cooled models only

Peace-of-Mind Protection All undercounter Flake ice machines are backed by a warranty providing two-year parts and labor and five-year parts coverage on the compressor.

THE ICE-O-MATIC PEARL ICE MACHINE

Keep customers happy with the ice that keeps beverages cooler and maintains flavor longer. Soft. Chewable. Pearl Ice.

MODULAR GEM Series modular Pearl Ice machines feature the benefits of decreased water and power usage compared to cube ice makers. Additionally, the stainless steel exterior construction, industry-leading in-line direct drive technology and SystemSafe monitoring technology help reduce the number of costly breakdowns.

**GEM 650 on IOD
200 DISPENSER**

GEM 450 SERIES

Produces up to 455 lbs. (206 kg) of ice per day
Space-saving 21" wide (533 mm) design
Available in 60Hz (A & W) models

GEM 650 SERIES

Produces up to 650 lbs. (295 kg) of ice per day
Space-saving 21" wide (533 mm) design
Available in 50Hz (A & W) and 60Hz (A, W & R) models

GEM 950 SERIES

Produces up to 1,040 lbs. (472 kg) of ice per day
Space-saving 21" wide (533 mm) design
Available in 50Hz (A & W) and 60Hz (A, W & R) models

Peace-of-Mind Protection Every modular Pearl Ice maker is backed by our industry-leading warranty providing three-year parts and labor and five-year parts coverage on the compressor.

COUNTERTOP ICE & WATER DISPENSER Our new countertop Pearl Ice and water dispenser is perfect for many healthcare and office applications. The touch-free design is sanitary and preferred over the touch-to-dispense designs currently on the market.

GEM D270

GEM D270 SERIES

Produces up to 273 lbs. (124 kg) of ice per day
Space-saving 15" wide (388 mm) design
Stores 12 lbs. (5.5 kg) of ice

Rapid recovery time - 11.4 lbs. (5.2 kg) of ice per hour
Touch-free dispenser for simple, sanitary operation
Top-air discharge allows for less counter space required between products
Sanitary plastic chute for easy removal and cleaning
Quiet operation for office, healthcare and cafeteria applications
Lighted keypad for easy dispensing selection
Larger sink allows clearance for larger containers

Peace-of-Mind Protection The GEM D270 dispenser is backed by a warranty providing two-year parts and labor and five-year parts coverage on the compressor.
